

NEW YORK BIRD LIST REPORTS 1996

Compiled by **Berna and Stan Lincoln**

It seems a lot of people are getting some fun out of this project, game, or whatever you want to call it. A record 86 reports were received for 1996, thanks in part to the efforts of Mike Peterson and High Peaks A.S. If all those who participated in previous years had done so again, there would have been well over 100.

Three new reporters have surpassed the 300 mark in a single county: Kevin Griffith (Monroe), Seymour Schiff (Nassau) and Eric Salzman (Suffolk). Predictably, all live near a coast.

Essex, with 23 reports, seems to be the most popular county and should be even more so after the great Annual Meeting there in 1997. And then there's poor, unloved Montgomery. Bet most of you couldn't even find it!

Berna and Stan Lincoln are still the only ones to report lists from all 62 counties, but Dave Russell (46) is closing in. (Was that a pigeon or a starling you saw, Dave, while speeding through The Bronx?) Bill Ostrander (43) isn't far behind, although he seems to have lost a county since last year. Carl Jaslowitz (29) added nine new counties this year. Bill Purcell, Sue Boettger and Bill Gruenbaum all reported from 26 and Michael Bochnik has been in 25. (Sue and Bill G. had a really bad day in Schuyler!) No one has yet reached the threshold of 100 species in all ten Regions although Berna has nine, Stan eight and Bill Purcell seven.

As announced on the 1996 report form, only lists reported on it are printed here. The only "holdovers" are high counts reported in prior years that haven't yet been surpassed. You'll find them at the end of this report.

The 1997 report form will be in the January *New York Birders* and you'll need to send it in, even if your numbers haven't changed, to get on next year's printed report. We'd love to get back some of you - all of you - who missed this year.

An asterisk (*) by a name means that person resides in the county reported.
