

# NEW YORK BIRD LIST REPORTS 2009

Compiled by Carena Pooth - [carena@prodigy.net](mailto:carena@prodigy.net)

Updated 5/7/12

After we had published the 2010 report, we got several requests for the missing 2009 compilation. So we asked for submissions/re-submissions of 2009 data by 3/15/12, admittedly a bit of a long shot. We knew it wouldn't be easy for everyone to go back and reconstitute the data, but we did get 28 submissions which even included two new county highs. Cortland's record holder, **Mickey Scilingo**, increased his total from 168 to 170, and **Bill Purcell** held on to his lead in Oswego, upping his total from 304 to 307. **Jerry Lazarczyk** and **Bill Broderick** reported over 50 species in every county (Jerry's minimum per county was 54 while Bill's was 52). Two others also reported birds in every county (**David Klauber** and **Mickey Scilingo**).

Residents within counties are marked with an asterisk (\*). **Boldface** numerals indicate new record highs set this year.

**Make sure your numbers will be included next time – PLEASE SEND IN YOUR 2012 DATA BY MARCH 15, 2013.**
