

# NEW YORK STATE AND COUNTY LISTING REPORT - 2016

Compiled by Carena M. Pooth - carena@prodigy.net

112 reports were submitted for 2016. 4 new regional and 25 new county records were set (boldfaced in the lists below). 5 people reported at least 100 species in all 10 regions (**Bill Cook, Dave Klauber, Bill Purcell, Dick Rosche, and Mickey Scilingo**). 15 have lists for all 62 counties. **Bill Purcell** reported that a Great Blue Heron in Central Park was #100 on his New York County list, making him the only one with at least 100 species in all 62 counties. **Bill Cook** and **David Klauber** were the only others having 50 or more in all counties. 22 participants included a life total for the new **Pelagic Zone** category, up from 17 last year. **David Klauber** retains his first place ranking for the PZ with 80 species.

**YOUNG BIRDERS:** We always enjoy seeing young birders participating. 4 of this year's reporters were under 18 on 12/31/16 – **Robert Buckert, Andrew Consler, Eamon Freiburger, and Jordan Spindel** (marked with  below).

**A special thank you** to all who took the time to send notes with their reports. I always enjoy reading about your milestones, birding experiences, and new goals. Sometimes there's a chuckle tucked in there to brighten my day, too!

The state map showing the 10 Kingbird regions can be found in every issue of *The Kingbird* and also on the NYSOA website: <http://nybirds.org/CountyLists/map-counties-kbregions.pdf>

Residents within counties are marked with an asterisk (\*). **Boldface** at the head of a list indicates a new high. *Non-bold italics* at the head of a list indicate a high record unchanged from last year (record highs not matched this year are at the end of the report as usual). **Finally, looking ahead to next year, make sure your numbers will be included – DON'T MISS THE MARCH 1, 2018 DEADLINE FOR 2017 REPORTS!**
