

## NEW YORK STATE AND COUNTY LISTING REPORT - 2017

Compiled by Carena M. Pooth - carena@prodigy.net

129 reports were submitted for 2017, up from 112 for 2016. 3 new regional and 24 new county records were set (boldfaced in the lists below). 9 people reported at least 100 species in all 10 regions (**William E. Cook, Jane Graves, David W. Harrison, Dave Klauber, Bill Purcell, Richard C. Rosche, Mickey Scilingo, Alison Van Keuren, and David Wheeler**). 18 had lists for all 62 counties. For 2016, **Bill Purcell** was the only one with at least 100 species in all 62 counties; he continues as the sole possessor of that title for 2017. And just like last year, **William E. Cook** and **Dave Klauber** were the only others having 50 or more species in every county. 28 participants included a life total for the **Pelagic Zone** category (added in 2015), up from 22 PZ reporters last year. **Dave Klauber** retains his first place ranking for the Pelagic Zone with 80 species. For total county list ticks, the top 3 participants were **Bill Purcell** (8865), **Richard C. Rosche** (6914), and **Jane Graves** (6890).

**YOUNG BIRDERS:** 3 of this year's reporters were under 18 on 12/31/17 – **Robert Buckert, August Davidson-Onsgard, and Jordan Spindel** (their names are marked with ♡ below). Three other young participants included in this compilation started reporting some years ago and have since turned 18 (thus becoming *old* birders!) – **Andrew Consler, Brendan Fogarty, Eamon Freiburger, and Greg Lawrence**.

**BIRDER NOTES:** *David W. Harrison* articulated the kind of thoughts that keep so many of us involved in this project: “Finally filled in all the boxes! Didn't quite hit the other two major goals - 350 life list and 5000 total ticks, but got very close. I love the exploring that grows out of this project.” Each year, as we strive to add species to our lists, we harbor quiet hopes for a surprise avian rock star (aka mega-rarity) to show up. In 2017, New York attracted birders from far and wide for the **Ross's Gull** at Tupper Lake in January and the **Corn Crake** on Long Island in November. *Shai Mitra* recorded the latter with twofold happiness: “The **Corn Crake** at Cedar Beach was my 400th species for Long Island.” Some listers sent in comments about not-quite-mega goodies, too. *Deborah Allen* added 8 NYS lifers, including **Hammond's Flycatcher** in Manhattan and **Long-billed Dowitcher** in Suffolk. *Shane Blodgett* commented: “Mostly stayed local as is my usual the last few years, so increased KINGS list by a whopping 6 birds with best probably being **Scissor-tailed Flycatcher** in April, **Swainson's Warbler** in May, and **Yellow-headed Blackbird** in September – did get 2 birds closer to 300 in Queens with **Sooty Shearwater** and **Wilson's Storm Petrel** off Ft. Tilden and Breezy Point respectively.” Musing about the AOS's recent lumping of Thayer's Gull with Iceland Gull, *John Gluth* lamented, “Hello...and goodbye **Thayer's Gull**. I barely got to know you.” Finally, *Dave Klauber* bid NY State and County Listing farewell: “Moved to Panama, probably my last entry. Minimum 50 in every county, at least 60 in all but 9. It's been fun!” Good luck, Dave, and thanks for being a part of this for the last 15 years!

**RECORD HOLDERS:** **Boldface** at the head of a list indicates a new high. *Italics* at the head of a list indicate a high record unchanged from last year. Record highs not matched this year are at the end of the report.

**RESIDENTS** within each county are marked with an asterisk (\*).

**THE MAP:** The map showing the 10 Kingbird regions (see last page of this insert) can be found in every issue of *The Kingbird* and also on the NYSOA website: <http://nybirds.org/CountyLists/map-counties-kbregions.pdf>

**CHECKLIST NOTE FOR NEXT YEAR'S REPORTS:** The 2018 *Checklist of the Birds of New York State* has added **five new species** accepted by NYSARC (New York State Avian Records Committee). The new additions are **Garganey, Little Egret, Crested Caracara, Pacific-slope Flycatcher, and Bronzed Cowbird**.

On the flip side, no lister is cheering about the fact that the AOS (American Ornithological Society, formerly AOU) has **eliminated the species listing for Thayer's Gull, lumping it with Iceland Gull**. That will knock some totals down by one. In fact, it looks like some of you already excluded Thayer's Gull from your 2017 totals.

**NEXT YEAR: DON'T MISS THE MARCH 1, 2019 DEADLINE FOR 2018 REPORTS!**

## IN MEMORIAM

**Berna Lincoln**, who started this project in 1992, passed away in November 2017 – a tremendous loss for NYSOA and all of her friends. Berna served this organization in many roles, including that of President – I doubt anyone has attended more NYSOA board meetings than Berna did! Even county listing wasn't all fun and games – Berna's objective in setting this up was to encourage birders of all ages and levels to get out and bird the many habitats of New York State, and to report their sightings throughout the year to local clubs and NYSOA's regional editors. An avid lister herself, Berna continues to hold the #1 spots for Putnam and Westchester. May she rest in peace as we enjoy this annual celebration of birding that she instituted so many years ago.

Sadly, we also lost **John M. C. (Mike) Peterson**, who passed away last May. Mike, along with his wife, Susan French Peterson, was an avid lister whose participation in this competition went all the way back to the very first year of the project. He played a strong role in publicizing the project and successfully encouraged other birders to jump into the fray. To this day, Mike holds the record for Essex County, which he set way back in 2006. A beloved leader in the birding world, Mike made numerous significant contributions. He wrote many articles; co-founded High Peaks Audubon in 1978; started the Crown Point Bird Banding Station and ran it for 40 years; and gave so much of himself to educate and delight birders and non-birders of all ages throughout his adult life.

We also sadly note the passing of **Eric Salzman** in October 2017. Eric jumped on board as a county lister in 1996 and immediately impressed everyone with over 319 species in Suffolk. Far more important, he was a birding friend to many out in the field and wrote numerous articles for *The Kingbird* along with many species accounts for *Bull's Birds of New York State* and the second breeding bird atlas. Eric is greatly missed by his many friends and all who counted him as a birding mentor.

## NEW YORK STATE LIFE LISTS (Threshold 200)

440 Gail Benson	389 Bill Purcell	357 Alison Van Keuren	318 Arlene Borko	274 Deborra Mullins

### ERRATUM

Warren County: Alison Van Keuren's species count has been corrected (online version only)

# The Kingbird regions of New York State

**NYSOA**  
NEW YORK STATE  
ORNITHOLOGICAL ASSOCIATION

Regional boundaries coincide with county lines, except at:

Region 1-Region 2 in Orleans, Genesee, and Wyoming Counties:  
the boundary is NY Route 98 from Pt. Breeze to Batavia,  
NY Route 63 from Batavia to Pavilion, and NY Route 19  
from Pavilion to the Allegany County line.

Region 2-Region 3 in Ontario County:  
the boundary is Mud Creek to NY Route 64, NY Route 64  
from Bristol Center to S. Bristol Springs, and Route 21  
from S. Bristol Springs to the Yates County line.

Region 3-Region 5 in Cayuga County:  
the boundary is NY Route 31.
