

NEW YORK STATE AND COUNTY LISTING REPORT - 2018

Compiled by Carena M. Pooth - carena@prodigy.net

129 reports were submitted for 2018, the same number as for 2017. 5 new regional and 27 new county records were set (boldfaced in the lists below). 10 people reported at least 100 species in all 10 regions (**William E. Cook, Jane Graves, David W. Harrison, Pat Lindsay, Shai Mitra, Kevin McGann, Bill Purcell, Mickey Scilingo, Alison Van Keuren, and David Wheeler**). 20 had lists for all 62 counties. For 2016, **Bill Purcell** was the only one to report at least 100 species in all 62 counties; he continues as the sole possessor of that title for 2018. **Jane Graves** and **Bill Purcell** have joined **William E. Cook** on the list of those reporting 50 or more species in every county. 26 participants included a life total for the Pelagic Zone category (added in 2015), down from 28 PZ reporters last year (high record holder **Dave Klauber** has moved to Panama and is no longer submitting reports). For total county list ticks, the top 3 participants were **Bill Purcell** (8960), **Richard Guthrie** (7359), and **Jane Graves** (7109).

YOUNG BIRDERS: 3 of this year's reporters were under 18 on 12/31/18 – **Robert Buckert, August Davidson-Onsgard, and Adam Troyer** (their names are marked with ♡ in the lists below). Three other youngish participants included in this compilation started reporting some years ago and have since turned 18 (thus becoming *old* birders!) – **Andrew Consler, Brendan Fogarty, and Greg Lawrence**.

BIRDER NOTES: Beyond the friendly competition, listing motivates us to keep birding and learning. It not only provides a way to measure our individual progress from year to year but enables us to capture, organize, and review memories of cherished experiences. Each year, notes submitted with reports are a special treat for me, each one opening a window that sheds a little light on its author. **Greg Lawrence** noted that he has “only 3 counties left until I've hit them all. Almost to 6000 ticks” – very impressive for someone in his twenties! **David Wheeler** has 200 species in 11 counties with “3 more pending.” **David Barrett**'s New York County list now has 230 species, beating his own past big year record of 214. **Taylor Sturm** did a Suffolk County big year in 2018 and set a new Suffolk big year record of 304. **Shai Mitra and Pat Lindsay** celebrated: “We finally recorded birds from all counties and broke 100 species for all Regions!” **Shane Blodgett** (the county listing king of Kings County) mentioned two nemeses: “still need Black Vulture for KINGS! Maybe the only lister in BK that has been birding for at least 3 years without it - also dipped on Bohemian Waxwing again-definitely my state list nemesis.” **Deborah Dohne**, on the other hand, exulted about the upside of birding: “It was a great year, my favorite close encounter was the flight of three American Avocets flying low along the shore of Lake Ontario at Fair Haven in Cayuga County, region five.” As for me, listing keeps me birding every chance I get, and I can't think of a better reason to keep listing!

FRIENDS WE'VE LOST: Two of our listing friends passed away since our last report – **Richard (Dick) Rosche** in December 2018 and **Herb Thompson** in January 2019. Dick had a long and distinguished career as a naturalist and was a mentor to many. Herb, too, was always ready to help other birders and especially enjoyed mentoring young birders during his ten years as co-chair of NYSOA's New York State Young Birders Club.

THE MAP: The map showing the 10 Kingbird regions (see last page of this insert) can be found in every issue of *The Kingbird* and also on the NYSOA website: <http://nybirds.org/CountyLists/map-counties-kbregions.pdf>

Residents within counties are marked with an asterisk (*). **Boldface** at the head of a list indicates a new high. *Non-bold italics* at the head of a list indicate a high record unchanged from last year (record highs not matched this year are at the end of the report as usual). Finally, looking ahead to next year, make sure your numbers will be included—**DON'T MISS THE MARCH 1, 2020 DEADLINE FOR 2019 REPORTS!**

CHECKLIST NOTE FOR NEXT YEAR'S REPORTS: The 2019 *Checklist of the Birds of New York State* has added **one new species** accepted by NYSARC (New York State Avian Records Committee). The new addition is **Clark's Grebe**.

NEW YORK STATE LIFE LISTS (Threshold 200)

NYSOA
NEW YORK STATE
ORNITHOLOGICAL ASSOCIATION

The Kingbird regions of New York State

Regional boundaries coincide with county lines, except at:
Region 1-Region 2 in Orleans, Genesee, and Wyoming Counties:
the boundary is NY Route 98 from Pt. Breeze to Batavia,
NY Route 63 from Batavia to Pavilion, and NY Route 19
from Pavilion to the Allegany County line.
Region 2-Region 3 in Ontario County:
the boundary is Mud Creek to NY Route 64, NY Route 64
from Bristol Center to S. Bristol Springs, and Route 21
from S. Bristol Springs to the Yates County line.
Region 3-Region 5 in Cayuga County:
the boundary is NY Route 31.
